HB-1 Headband Communications

The Firecom HB-1 is an elastic headband fitted with a bone conduction microphone and acoustic earpiece driver.

It uses an acoustic tube and non-intrusive skeleton earpiece from the receiver to the ear, allowing the user to monitor radio transmissions while leaving both ears unobstructed. It is available with either a left or right-side earpiece.

The HB-1 fits on the user's head with the microphone located behind one ear and the acoustic driver and cable behind the other. The elastic strap should be adjusted for a comfortable fit.

Proper Fit

The ear piece fits in the outer part of the user's ear. The design does not block the ear canal. The user should have normal hearing in both ears.

The acoustic tube should pass over the user's ear, as shown.

PT-X Interface

The PT-X interface connects the HB-1 to the portable radio. Fit the headband to your head and then plug it into the socket on the interface unit cable. To transmit, press or tilt the button on the interface and speak clearly.

Two-Year Limited Warranty to the Original Purchaser

Sonetics Corporation warrants to the original purchaser of its products, that they will be free from defects in materials and workmanship, under normal and proper use, for the period of two years from date of purchase. Sonetics Corporation will repair or replace, at its option, any parts showing factory defects during this warranty period, subject to the following provisions. This warranty applies only to a new product which has been sold through authorized channels of distribution. All work under warranty must be performed by Sonetics Corporation. All returned products must be shipped to our address, freight prepaid, accompanied by a dated proof of purchase. The purchaser voids this warranty if he, she or others attempt to repair, service or alter the product in any way. This warranty does not apply in the event of accident, abuse, improper installation, unauthorized repair, tampering, modification, fire, flood, collision, or other damage from external sources, including damage which is caused by user replaceable parts (leaking batteries, etc.). This warranty does not extend to any other equipment or apparatus to which this product may be attached or connected. The foregoing is your sole remedy for failure in service or defects. Sonetics Corporation shall not be liable under this or any implied warranty for incidental or consequential damages, nor for any installation or removal costs or other service fees. This warranty is in lieu of all other warranties, express or implied, including the warranty of merchantability or fitness of use, which are hereby excluded. To the extent that this exclusion is not legally enforceable, the duration of such implied warranties shall be limited to two years from date of purchase. No suit for breach of express or implied warranty may be brought after two years from date of purchase.
